MUSIC - BA

The four-year Bachelor of Arts (Music) provides a comprehensive knowledge and application of music theory, history, and performance skills, while allowing for exploration of interests in other areas, which can form a specific minor if desired. This program may be used as a pre-requisite for graduate school options in music (e.g. MA, MM) or other fields (e.g. LLB, MD, DDM, BEd after-degree). Requirements for Pre-Medicine and Pre-Dental (MCAT, DAT) preparation may also be completed under breadth and elective credits within this BA program.
