## **BIOLOGY SPECIALIZATION**

The Secondary Education Track recognizes the need for secondary school teachers to have a strong professional education component and to be knowledgeable in more than one subject area. Candidates enrolled in the Secondary Education Track will complete coursework in two content areas–a Specialization and a BEd Minor.

Because of the careful sequencing of courses in the Bachelor of Education degree, candidates should note the Admission Policy for the School of Education.

## BEd SECONDARY - MATHEMATICS SPECIALIZATION: DEGREE REQUIREMENTS FOR 2020-2021 PROGRAM MINIMUM TOTAL CREDITS REQUIRED: 120 / MINIMUM CGPA FOR CONFERRAL: 2.50

### MUSIC SPECIALIZATION

The Secondary Education Track recognizes the need for secondary school teachers to have a strong professional education component and to be knowledgeable in more than one subject area. Candidates enrolled in the Secondary Education Track will complete coursework in two content areas–a Specialization and a BEd Minor.

Due to the course rotation of some music courses, candidates entering the BEd Music Specialization in an odd academic year must consult closely with the School of Education office as some changes will be needed to the Recommended Course Sequence.

Because of the careful sequencing of courses in the Bachelor of Education degree, candidates should note the Admission Policy for the School of Education.
