Questions on the Financial Need Assessment?

- If you have government student loans we will automatically calculate your score – only if we have your loan Notice of Assessment – view your student portal under incomplete Document Tracking to be sure.
- If you do not have a loan, and wish to apply for the Financial Need Awards then you **must** submit the Financial Need Assessment (page 5) **and your tax assessments (parents and personal)**.
- No loans and No assessment form? You will still be considered for the awards that have no financial need component.

Good Luck!
