

BURMAN UNIVERSITY

OCTOBER 23-26, 2024

WELCOME TO CANADA

Dear Student Leaders,

You are here at Burman University because you care; you care for your institution from which you come; you care for your fellow students as they strive for success on your campus. You are also here because you are dreamers, ready to take new ideas into the coming school year. As well, you are here because you have expectations of success as you lead other students this coming school year. A quote from an unknown author states that to be successful you need to “Risk more than others think is safe ~ Care more than others think is wise ~ Dream more than others think is practical ~ Expect more than others think is possible.” So the question left for you is if you are willing to take a risk as this statement suggests?

Taking a risk for Christ is worth it. In fact taking a risk for Him always ensures He is supporting you as you take that risk. My goal for you at this Adventist Intercollegiate Association Convention is that you will leave our campus at the end of the week as dreamers who care, expecting a lot, and willing to take a risk for Christ. That is when your leadership will be successful.

Sincerely,

Stacy Hunter
