

As Burman University steps into the future with a new library, please consider your role in shaping young lives.

How You Can Participate...

We invite you to donate to the new library. While doing so, you may wish to honour a family member, a member of the Burman community, or someone else who shaped your world.

There are many opportunities to name specific areas of the library and to acknowledge contributors.

Ways to Donate

Gifts of cash: You can make a one-time gift, an annual, multi-year pledge, or a monthly contribution. Ask for information about doubling your contribution in THE ABUNDANT HARVEST challenge.

Gifts of stock and securities: Donating publicly traded securities is an easy and effective way to support Burman. You may donate stocks, bonds, futures, options, and shares in mutual funds without paying tax on the capital gain.

Gifts-in-Kind: You may wish to give a gift-in-kind, for example building materials or salable assets such as property. Every item will be reviewed individually.

Please consider your participation thoughtfully and prayerfully.
